

**SACK
COMPANY**

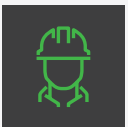

EXPERTS IN THE FIELD

As a leader in the heavy commercial and industrial construction industries, the **Sack** team is dedicated to ensuring the safest, highest quality, and on-time construction, maintenance, and repair services possible.

In operation since 1945, we've committed ourselves to excellence by safely providing **high-quality installation, maintenance, and construction services** for Mechanical, Electrical, Plumbing, Fire Sprinkler, Millwright and Rigging projects.

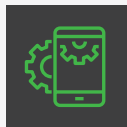

SACK HAS WHAT YOUR PROJECT NEEDS

Highly Trained

Our team offer the highest quality designs, workmanship, and solutions available. Whether you need a small repair or are starting a new multi-million dollar build, our team is highly trained to tackle even your toughest issues.

Scalability

Our team brings a proactive and progressive approach to every project, no matter the size. From turnkey services for multi-million dollar new-builds and renovations, to smaller installations and repairs, our experience can be found in virtually every construction sector.

Efficient Performance

Our processes allow us to provide a quick turnaround for your project. Through efficient contracting and communication, and by building long-term relationships, we're able to do faster, higher quality work with greater reliability.

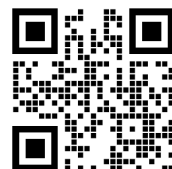

Cost Effective

We save customers both time and money through efficient contracting and negotiations, cost-saving maintenance agreements, and a focus on proactive quality management and the identification and elimination of waste.

FOCUS & EXPERIENCE ACROSS INDUSTRIES

Heavy Commercial • Healthcare • Education • Military and Government • Healthcare and Life Sciences • Hospitality Industrial and Manufacturing • Distribution and Logistics

COMPREHENSIVE SERVICES

Electrical

- Electrical Design (including design-build)
- Installation & renovation services
- Prefabrication
- Machine controls & automation
- Conveyor control systems
- Computer rooms & generator systems
- Lighting design & installation
- Computer aided drafting services
- PLC programming
- Linear accelerator installations
- Fire alarm & sound installations
- Networks
- Electrical Code Updates
- Electrical Safety Inspections
- Generators
- Specialty Lighting
- EV Charging Station Installations
- Lighting Systems & Controls
- Transformers
- Arc Flash Auditing
- Building Automation & Controls
- PLC's – troubleshooting & replacement
- Access Controls
- Surveillance Systems
- Power Distribution
- Structured Cabling
- Fiber Optic Cabling

HVAC / Mechanical

- HVAC Design (including Design-Build)
- Installation & renovation services
- VRF Systems
- Chilled/Hot water piping
- Steam, Natural Gas, & Hydronic Piping
- Cooling Towers
- Boiler Installation & piping
- Chillers
- Fan Coils
- Steam Boilers
- Water Pumps
- WSHP
- Air Handlers
- HVAC Change Out
- HVAC Controls
- Custom-Built Ductwork (including prefabrication) in any size, shape or angle
- Computer-Aided Drafting Services
- Black Iron & Prefabricated Grease Duct
- Full Sheet Metal Fabrication Shop
- Custom Sheet Metal Fabrication
- Galvanized, Rectangular, Spiral & Oval Sheet Metal
- 24-Hour On Call Service/Repair

Fire Protection

- Design
- Sprinkler Installation
- Inspection
- Maintenance
- Engineering Reviews

Plumbing

- Plumbing Design (including design-build)
- New construction & renovation services
- Prefabrication
- Roof Drain & Storm water systems for buildings
- Sanitary & domestic water systems
- Fixture & feature installations
- Gas and Compressed Air Piping
- Medical Gas Piping
- Acid Waste Piping
- Boiler Installs
- Booster Pump Installs
- Medical Vacuum Pump Installs
- Air Compressor Installs
- Hot Water Circulation Systems
- Pipe Fabrication
- Copper, Steel/Stainless Steel, & PVC Piping
- Process, Grooved, & Welded Piping
- Compressed Air

Millwright & Rigging

- Erect Machinery
- Perform Overhauls
- Install & Modify Equipment
- Precision Aligning & Leveling Equipment
- Installing Conveyors & Piping Systems
- State of the Art Structural Modifications & Fabrications including foundations, stairs, platforms and catwalks
- Repair & Maintenance to equipment & piping systems
- Aluminum & plastic injection molding machinery Installation
- Die Cast Machinery Installation
- Slitter Lines Installation
- CNC Milling Machines Installation
- Feed Lines Installation
- Smelting Furnaces Installation
- Tempering Ovens & Kilns Installation
- Autoclaves Installation
